GREEN SCHOOL AUDIT PROGRAMME

We have registered our school in 2018 and will do activities as suggested by the programmme .

Motivate students to participate in maximum number and encourage them to inculcate the habit of saving natural resources. Moreover the importance to use judiciously of any resource will be explained and try to spread in community.

The use of resources and their protection is must for sustain life in the future therefore need to develop green or biodegradable items will be motivated and shared by the community.
